

The infographic displays literacy rates in the United States. At the top, a word cloud features terms like 'READING', 'LITERACY', 'WRITING', 'GRAMMAR', 'COMPREHENSION', 'PHONICS', 'BOOKS', and 'SINKS'. Below this, a bar chart shows children's literacy rates: 43.7% for children age 5 years who attended pre-primary school (blue bar) and 73.47% for women age 15-49 (green bar). A second bar chart shows adult literacy rates: 85.17% for men age 15-49 (blue bar) and 131% for women age 15-49 with 10 or more years of schooling (green bar). A central bar chart shows men's literacy rates: 156% (blue bar) and 5% (green bar).

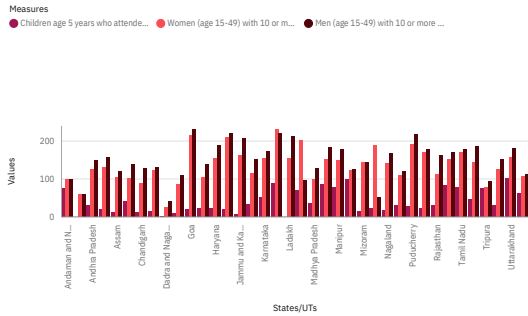

Category	Value
Children age 5 years who attended pre-primary school	43.7
Women age 15-49	73.47
Men age 15-49	85.17
Women age 15-49 with 10 or more years of schooling	131
Men literacy rate (age 15-49)	156
Women literacy rate in (%)	5
